CONSTITUTION

Article 1. Name

The name of this organization is Society for Protestant Reformed Education of Hull, Iowa.

Article 2. Basis

The supreme standard of the Society for Protestant Reformed Education of Hull, Iowa, shall be the Scriptures of the Old and New Testament, herein confessed to be the infallibly inspired Word of God, and the three forms of unity, the Heidelberg Catechism, the Canons of Dordrecht, and the Netherlands or Belgic Confession. These form the basis for administration, instruction, and discipline in the school.

Acknowledging that the Scriptures, in instructing us of God, ourselves, and God's creation, contain basic principles authoritative and relevant for education, we hold that:

- a. Our Sovereign, Triune, Covenant God has from eternity chosen and in time forms a people unto Himself, that they may stand in Covenant relationship to Him, and live to His praise in friendship and loving service in all spheres of life, in the midst of a sinful world.

The Christ proclaimed in the Scriptures is the Redeemer and Renewer of our entire life, including our teaching and learning. Consequently, in a school which seeks to provide a Christian education, it is not sufficient that the teachings of Christianity be a separate subject in the curriculum, but the Word of God must be an all-pervading force in the educational program.

- b. The authority for educating children resides in the parents or guardians of the children and not in the state or the church. Parents, however, may delegate their authority to those who can competently carry out this God-give, parental right.

- c. Christian parents, when delegating the authority for educating their children, should delegate it to those institutions which seek to provide a truly Christian education for the student. The training of the covenant children in the school, as well as in the home and in the church, must serve to prepare them to follow their lifelong calling of revealing the glory of their God in a life lived from the principle of regeneration by grace.

Article 3. Purpose

The purpose of this society is to provide a weekday instruction for our youth which is in agreement with Article 2 of this constitution and which is necessary if they, as children of God's covenant, are to rightly occupy their places in all spheres of life.

- a. At its first meeting after each annual meeting of the society, the board shall elect out of its midst the following five officers: President, Vice-President, Secretary, Treasurer, and General Alternate. These offices are to be held for one year.
- b. It shall be the duty of the President to preside at all meetings of the board and of the society and to enforce the rules and regulations of the constitution, lie appoints all committees.

SCHOOL POLICIES

I. Student Admission Policy

Parents and guardians of students must agree with the school's Basis and Purpose set forth in Article 2 & 3 of our constitution. In order for their children to be considered for enrollment, they must agree to have their children taught as the principles expressed in these articles are interpreted and maintained in the Protestant Reformed Churches in North America, and as the teachers carry out these principles in every subject as Reformed Christian schools have done since the time of the Reformation.

All parents or guardians are expected to meet the following requirements:

- They must be a member in good standing of a reformed Christian church which has adopted the Heidelberg Catechism, Canons of Dordt, and Belgic or Netherlands Confession as their official creeds.
- They must commit to maintaining a Christian home.
- They must commit to fulfill their financial obligations to this school and all previous school's tuition obligations must be fulfilled.
- They must consent to the Society's Constitution, By-Laws, Rules, and Policies

Those who are not members of a Protestant Reformed Church shall meet with the Education Committee to apply for enrollment. The students and applicants must meet the requirements as specified in this Student Admission Policy. Failure to meet these requirements shall be considered grounds for rejection of enrollment. The Education committee shall make a recommendation to the School Board concerning approval of such students.

The Education Committee of the Board will discuss our Protestant Reformed distinctive by way of an interview and then shall make a recommendation to the full Board whether enrollment should be granted to applicants who are not members of a PR church and of the Society. Furthermore, parents or guardians must agree to be re-interviewed when

applying for re-enrollment if the Board has reason to question the parent's/or guardian's compliance with, or commitment to these qualifications.

The Board has final jurisdiction in all enrollment matters. Our Education Committee and School Board are to deal with these situations on a case by case basis. We believe that God will give wisdom and guidance in each situation, even as He has in the past. See Psalms 1:1-3, 46, 121, 146, and others.

II. Child Abuse Policy

State Law mandates that all teachers and administrators must report to the proper authorities all instances of suspected child abuse. Also in the laws are procedure for reporting child abuse by school personnel. In situations where there is suspected child abuse the report should be given to the child abuse investigator of our school.

- Child Abuse Level One Investigator is **Loren Gritters**. Hull, Iowa, Phone 712-578-2668
- Alternate Investigator is **Austin Potjer**. Doon, Iowa, Phone 712-470-9740
- Our follow-up investigator is **Jeremy Hilt** of the Highway Patrol of the State of Iowa.

III. Good Conduct Policy

As stated in the constitution of our school the basis for our school is the infallible Word of God as interpreted in the Three Forms of Unity of Reformed Churches. On this basis, discipline and conduct of students is to be founded on the Word of God. Students are expected to conduct themselves at all times in a way that is God-glorifying. Discipline is to be carried out as prescribed in Scripture especially in Ephesians 6:4 and Colossians 3:20 & 21 but also in other places.

Citizenship

As stated in Romans 13 and Belgic Confession Article 36 the church of God is to be in subjection to the authority of the state so long as the state does not demand anything contrary to God's Word. It is the duty of students to conduct themselves properly as citizens of the United State and the State of Iowa. Students will also be instructed in principles of good citizenship both of the Kingdom of God and of the state under which He has placed us.

Rules of Conduct and Discipline

Rules of Conduct will be all those stated in the student handbook and also those deemed necessary by the Board and teachers. The following list of policies is a general list from which others may be derived.

1. Every teacher is responsible for the supervision of all pupils at all times; playground supervision will be conducted by each teacher by turns. Supervision extends to all parts of the building and grounds.
2. All extracurricular activities will be reported to the parents. The teacher(s) in charge of these activities will be responsible for the supervision of the participants. Other pupils attending these activities shall be under their parent's supervision. If parents are not in attendance at the activities, they shall appoint someone to supervise their children. Students who are in the charge of the teacher at an extracurricular event will be disciplined in a manner comparable to in-school discipline.
3. Ordinary discipline problems must be handled by each classroom teacher. Students must be warned, disciplined, or even mildly punished in the classroom according to Ephesians 6:4 and Colossians 3:20-21. Counseling with the student shall follow. Serious acts of misbehavior or patterns of misbehavior call for special contact with the home.

4. Serious offenses or repeated offenses will be referred to the principal. If these offenses cannot be resolved by the principal and parents, they shall be referred to the board.
5. The use of tobacco and the use or possession of alcoholic beverages or any controlled substance are to be considered serious offenses and will be dealt with as such. If a student is found to have one of these substances on the school ground or at a school activity, immediate suspension will follow according to #9 below. Possession or use of such materials may result in information being given to the proper authorities.
6. Pupils may not be sent home for discipline by the teacher without the approval of the principal and without parents first being contacted by the principal. See rule #9 on suspension.
7. In every case, parents and students have the right of appeal to the Board, but the Board decisions are final. In these situations, it is important for the Board, parents, and school personnel to pray and work together to lift up our children in their time of great need and call them to task when they stray from a Biblical walk. It is also imperative that all parties follow the guidelines of Matthew 18 as taught by Christ.
8. **Compulsion:** As it is the law of the state of Iowa, students are compelled to attend school between the ages of 6-15. If a student is enrolled in the Hull Protestant Reformed Christian School, he is to attend there when school is in session. The teacher shall keep a record of absences and tardiness. If either becomes a problem for the academic progress of the child, the teacher shall take action by checking with the home. If necessary the Board shall be notified about such students. Those students, whom the Board find truant, shall be reported to the proper authorities. It shall be the responsibility of the parents to notify teachers before 8:15 about such emergency absences such as sickness. Other absences such as attending funerals, keeping doctor's appointments, and other like absences should be reported to the school when the parents realize that they will happen. If a child is absent from school without notification, the school is bound to notify the parents.

9. **Suspension:** If the administrator deems that a student's behavior is harmful to the school or other students, he, in consultation with the Board President (or another Board member if the Board President is not available), may suspend the student until the School Board can meet and assess the situation. At that time the board may impose a set term of suspension or expulsion. The Board may also restrict the student from participating in extracurricular activities. Students and parents are entitled to due process as stated in the due process policy.

10. **Expulsion:** After proper due process, a student may be expelled from the school for acts not in accordance to the student conduct policy. The Board only can carry out expulsion.

If a student is expelled, he may be reinstated if the Board is convinced of his remorse or if evidence comes to light that exonerates the student.

The administrator and/or Board shall determine whether the student will be allowed to make up any missed course work and if that coursework will be allowed to count toward the student's grade point average.

11. **Misconduct Outside of School:** Students who attend Hull Protestant Reformed Christian School are expected to exhibit behavior which sheds good light on the school at all times. Misconduct outside of school is defined as being found guilty of behavior which is either in blatant contradiction of the standards of a Christian life, or is deemed to have an adverse effect on the school and other in the school. Examples include, but are not limited to: sexual misconduct, substance abuse, theft, damage to property of the school or school personnel, or repeated harassment. The school will not assess any penalties upon an offender other than exclusion such as suspension or expulsion. The school will not

impede the parents, church or law enforcement from carrying out their responsibilities in such matters.

12. Electronic Devices: Students may have cell phones at school; however, use of them during the school day is limited to teacher permission. The cell phone or electronic device must be turned in to the classroom teacher upon arrival at school and will be returned to the student at the end of the school day. Volume and vibration notifications should be turned off to avoid classroom distractions.

Any cell phone that rings or is used without teacher permission will be confiscated and returned to the student at the administrator's discretion. The general practice will be that the phone will be returned according to the following guidelines:

- First offense – phone returned at the end of the next school day after student meets with the administrator
- Second offense – phone returned after three days; student meets with administrator, and parents are notified
- Third offense – phone is confiscated, given to parents, and the student may no longer take a phone to school for the remainder of the school year.

Any abuse of this cell phone policy will be dealt with case by case by the school faculty.

No individual listening devices (I-pods, mp3 player, etc.) can be used in the school building, any other facility controlled by the school, or at any school function, except if it is deemed necessary to the school curriculum by the faculty.

Grounds:

- Electronic devices can prove detrimental to the school purpose and atmosphere
- The school need not be in the business of policing the content found on an electronic device.

13. **Corporal Punishment:** Corporal punishment will not be administered by the staff to any student and its use is forbidden except in cases as described below.

Students whose behavior is deemed dangerous to fellow students, teachers, themselves, and other person, or school property may be physically restrained in a manner to protect all parties.

Due Process Procedure

1. If a student has a disagreement with a punishment or policy of a teacher, he is to take the grievance to his parent.
2. The parent is to contact the teacher to try to work out the problem.
3. If satisfaction is not reached the parent is to contact the administrator.
4. If satisfaction still cannot be attained, the parent is to contact the board president to set up an appointment with the board.
5. The teacher will be contacted by the board and allowed to appear before the board on the matter.
6. The decision of the board is to be final on the matter.
7. If a parent has a disagreement they are to proceed with statement #2 above.

IV. Tuition Policy

1. Tuition for the previous year must be fully paid prior to enrollment.
2. 10% of tuition must be paid at enrollment or prior to August 15, whichever is later.
3. 40% of tuition must be paid by the end of the first semester.
4. 80% of tuition must be paid by the end of the second semester.
5. Should a parent desire other arrangements, they must notify the board in writing as to how and when the payment is to be made.

6. If a family does not meet items #1 and #2, the child will not be allowed to attend school until payment is made. If a family does not meet item #3 and does not communicate with the board by the February board meeting, the child will not be allowed to attend school until the policy has been met or sufficient arrangements have been made in accordance with #5.
7. Full cost of Education will be charged for students attending our school whose parents are not members of the local area Protestant Reformed Churches.
8. If both of the parents leave the PRC mid school year, tuition will be prorated based on week of school completed.

V. Parental Pickup Policy

Hull PR Christian School (HPRCS) is committed to providing a safe and secure environment for our students while they are on HPRCS property. This commitment begins when the students get on the bus or arrive at the school by other means and continues until students leave the property of HPRCS.

As HPRCS is committed to the safety of the children, the purpose of this policy is to give clarity for the staff as to who may pick up the children at the end of the day at HPRCS. It also provides parents an understanding and expectation of HPRCS.

1. Natural parents are presumed to be the natural guardians to their child. Parents are jointly and individually responsible for the support, care, nurturing, welfare and education of their child.
2. Neither natural parent is presumed to have a right to custody or decision making over the other parent, unless there is a court order.

Separation or divorce does not change the legal rights of the parents, unless there is a court order defining those legal rights. HPRCS does not recognize less-formal documentation, such as notarized statements or informal agreements.

The following terms are defined for this policy:

Primary Legal Custody

One parent has the right and responsibility to make major decisions regarding the child's welfare, including matters of education, medical care and emotional, moral and religious development.

Primary Physical Custody

The child resides with and is under the supervision of one parent, subject only to reasonable visitation by the other parent, unless the court determines that such visitation would not be in the best interest of the child.

1. The primary physical parent has the right to make day-to-day decisions for the child, such as emergency care, who picks up the child from school, or whether the child can participate in a field trip or extracurricular activities.
2. Because the primary physical parent has the right to know where their child is at all times when attending school, HPRCS will not release the child from school to a parent who does not have physical custody. The school reserves the right to release the child in an emergency to the non-physical parent.
3. HPRCS is committed to cooperating with the State and parents in implementing court orders.
4. HPRCS is not responsible for enforcing visitation or custody schedules. In the absence of full cooperation by parents, HPRCS will expect that, upon the end of the school day, the child will return to the location where he or she came from that morning, and any visitation or other arrangements shall occur off school grounds.
5. When both parents share physical custody, or in the absence of a court order, HPRCS will recognize as the primary physical custodian the parent/guardian living with the child at the address registered with the school system. Parents must provide HPRCS with any court order showing the rights of the natural parents or other individuals. The court order must be complete and current concerning the child. Updated and amended versions must be provided to the school as soon as possible.
6. Parents must not cause a disruption at HPRCS. Individuals who do so may be banned from the HPRCS property. HPRCS is not the place for

parents to settle private disputes or to compensate for their inability to visit with their child off school grounds.

7. Since HPRCS places a high priority on the student's safety, it is reasonable for HPRCS to require written, signed authorization from either parent before they send a third party to pick up a child. In addition, it is reasonable for HPRCS to call either parent or hold the student at school if they have questions about the identity of the person sent to pick up the student.
8. No other individuals have the direct right to pick up a student or discuss a student with school employees, unless they have legal guardianship or written permission and photo identification by the legal parent.

Staff Protocol

If an unauthorized parent or third party, absent written permission, demands to pick up a child from HPRCS:

1. The first obligation is always to protect the well-being of the child.
2. Resist the unauthorized person's demand to leave with the child, to the extent you can do that without risking your well-being and safety and that of the child.
3. Remain calm.
4. Explain HPRCS's policy regarding the release of children and that this policy applies to everyone.
5. Contact the child's parent to inform the parent about the unauthorized person's demand. If possible, prevent the unauthorized person from entering HPRCS.
6. Beyond these steps, your knowledge of the family situation and the immediate circumstances (whether you are the only adult present) should guide your response.
7. If the unauthorized person cannot be kept physically away from HPRCS, ask for photo identification.
8. Call the police.
9. If the unauthorized parent or third party succeeds in leaving with the child, immediately make a detailed description of the person and vehicle, obtain the license plate number of the vehicle, contact school administration, and make a detailed report of the incident.

10. There must be a balance between a parent's right to pick up a child from HPRCS and the care and concern for the child's safety. The law gives you the right to deny access to anyone who presents a risk to the child while on HPRCS property.

VI. Bus Discipline Policy

Discipline is important anywhere but especially within our bus transportation system since the safety of our students and drivers may be affected. Riding a bus is a privilege. The following procedure will take place when that privilege is abused.

1st Offense

Pink slip from the driver or principal because of a verified complaint. The principal will counsel the student and the parents will be notified.

2nd Offense

Pink slip from the driver or the principal because of a verified complaint. The principal will immediately suspend the riding privilege. The riding privilege may be reinstated after a joint meeting of parents, student, principal, and possibly the driver. Riding privileges may be suspended for up to two weeks.

3rd Offense

Immediate loss of riding privileges for the remainder of the year. No meetings are necessary. Any appeal must be in writing within 48 hours of notification of loss of privilege. The Board Bus Committee will hear the appeal.

Note: Verified complaints from parents or others will be a basis for the discipline procedure described above. Drivers generally give pink slips for disrespect, boisterous loud behavior, and violation of bus riding regulations, or insubordination to the driver.

Bus Riding Regulations

1. Be on time at the bus stop location. The drivers are not required to wait.
2. Pursuant to Iowa Code 285.11(7), no bus shall leave the public highway to receive or discharge pupils unless their safety is enhanced thereby, or the private roadway is maintained in the same manner as the public roadway.
3. Be on time after school has dismissed. The buses will leave school approximately five minutes after the dismissal bell.
4. Enter and leave the bus promptly and without pushing or crowding.
5. Each student must go directly to his seat when entering the bus and remain seated until the bus stops and the driver indicates that it is time to leave. The driver has every right to assign seats to pupils.
6. Remain seated when the bus is in motion. This is for your protection. No student may sit or stand by the door.
7. Follow the bus driver's instructions promptly and respectfully. Remain as quiet as the bus driver desires it to be. Refrain from shouting or other boisterous activity.
8. Show due consideration for the bus driver as the bus driver must focus on his driving and road conditions. Refrain from talking to the bus driver unless the driver initiates the conversation.
9. Students are to show consideration to each other. Harassing and disrespect is never permitted and will be disciplined according to the discipline policy.
10. No objects are to protrude from bus windows nor should any object be thrown from the bus. Refuse containers are provided in each bus for the student's use. The aisle must always be clear.
11. Any damage done to the inside or the outside of the bus by any student will be paid for by the student.

12. Behavioral standards, which apply at school, also apply on the school bus. Therefore, smoking, lighters or matches, improper language, improper use of electronics (including cell phones), and other offenses are strictly forbidden.
13. The emergency door must not be used unless there is an emergency.
14. Should the parent want a student to leave the bus before the regular stop or at a different stop along the regular bus route, a request must be submitted to the school office. The office will inform the bus driver.
15. The enrolling parent has the final say as to when/where the child(ren) are to be transported. If the situation occurs that both parents enroll their child(ren), then the parent with the Primary Physical Care would have the final say as to when/where the child(ren) are to be transported.
16. Buses are not to stop at drive-ins, gas stations or other restaurants for students on the way to or from school.
17. Students riding on the bus to any school activity must return on the bus. The only exception will be if the parent notifies the sponsor personally that the student is going home with the parent. The parent's request must be approved by the principal or sponsor.

Rules governing the entering and leaving of buses – Section 321.354, Code of Iowa, gives school bus drivers the legal right to stop their buses on the public highway to receive or discharge pupils. In order to receive or discharge students on the public highway with complete safety, it is necessary that all persons involved (students included) understand clearly and follow strictly the procedure outlined by law and regulations.

1. Students who must cross the road after leaving the bus shall be required to pass in front of the bus, to pause in line with the left side of the bus, and to check the traffic situation to the left and the right for themselves. Only then should they proceed to cross the road upon the signal from the driver that it is safe for the student to do so. Students should remain 10 feet in front of the bus.
2. Students who must cross the road to board the bus in the morning may cross the road only after the bus has arrived, the stop arm is extended,

they receive the “go ahead” signal from the driver, and they have checked the traffic situation for themselves.
